All Maino Incubators have as standard...

- Only Quality Components tried and tested for reliability and robustness
- Clear visibility of the hatching process
- Accurate thermoregulator to maintain and hold the temperature within the incubator
- CE approval on all products - This certifies that the components used, from the plastic walls to the heating element, are all tested and found to meet EU standards. Other makes may use CE meaning something very different - China Export and they do not carry the same quality assurance and certificate of safety

Many other types of incubators available, manual, automatic, semi automatic,
from small incubators to large cabinet incubators
