STORE CATTLE SALE

More cattle forward this week saw another decent trade throughout. A good run of 10-12 month old heifers from J Cooper were in demand, selling to £720. Suckler bred calves again are very good to sell. A lot more larger steers forward, with nice British Blues from J Clarkson topping at £975. A very good British Blue cow with Limousin bull calf sold well to £1640 from C Pye. There was something for everyone, could have sold a lot more. Definitely more required to suit buyer requirements.
