MARKET REPORT – THURSDAY 5th July 2012

STORE CATTLE SALE

A smaller show of cattle saw another very good trade throughout. A good run of bulling heifers from J Wareing were in demand, selling to £1000. Good Suckler bred calves again are through the roof, as buyers look for additional stock for grazing. A lot more larger bulls forward were very good to sell. There was something for everyone, could have sold a lot more. Definitely more required to suit buyer requirements.
